Medicare Advantage Plans Available in Klamath County
ATRIO Health Plans Reminder: Open Enrollment ends March 31

ATRIO Health Plans, which provides affordable health care insurance benefits to Medicare eligible seniors in Klamath, Douglas and Washington counties, is reminding seniors that the open enrollment period is underway from now until March 31.

The Oregon-based company created by physicians in 2005, is a local leader in the Medicare Advantage arena. ATRIO is owned and operated by two physician-sponsored organizations, Klamath County's Cascade Comprehensive Care (CCC) and the Douglas County Individual Practice Association (DCIPA). ATRIO includes several *MyAdvantage* Plans that offer more benefits than Medicare alone.

"Seniors have choices when selecting a Medicare plan. ATRIO offers affordable alternatives to the traditional Medicare Plan," said Victor Fresolone, Chief Executive Officer. "Not only do we provide quality customer service, ATRIO Health Plans can help personalize coverages to meet the lifestyle, needs and budget of today's seniors."

ATRIO *MyAdvantage* Plans offer out-of-area coverage when travelling, medical and prescription drug benefits in one plan, low monthly premiums, low co-pays, a wide network of physicians, specialists and hospitals as well as dental, chiropractic and foot care.

With concerns about the shortage of physicians in many parts of the nation, ATRIO has formed a network of doctors, specialists and hospitals to participate in providing quality health care. Since ATRIO is owned by physician groups in the counties they serve, many seniors will determine that ATRIO offers a wider choice of physicians and out-of-network choices.

ATRIO Health Plans is a Coordinated Care Plan (CCP) with a Medicare Advantage contract. For more information call 877-672-8686 or visit www.ATRIOhp.com.
