SECTION 1 - INTRODUCTION

This directory provides a list of ATRIO Health Plan's network providers.

For our PPO Plan members:

The network providers listed in this directory have agreed to provide you with your health care services. You may go to any of our network providers listed in this directory. If you have been going to one network provider, you are not required to continue going to that same provider.

You can receive your care from either a network provider listed in this directory or an out-of-network provider. If you see an out-of-network provider to get your covered non-emergent/urgent services, your out-of-pocket costs may be higher than if you use our network providers. There are certain rules for out-of-network services. Referrals are not required for in-network or out-of-network care. In addition, no prior authorization is required for out-of-network care. However, before getting an out-of-network service, we suggest that you contact our Customer Service Department to see if the services you are getting are covered and are medically necessary. If you have questions about whether we will pay for any medical service or care that you are considering, you have the right to ask us whether we will cover it before you get the service or care.

If you get your care from an out-of-network provider, that provider must be eligible to participate in Medicare. Except for emergency care, we cannot pay a provider who is not eligible to participate in Medicare. If you receive care from a provider who is not eligible to participate in Medicare, you will be responsible for the full cost of the services you receive. Check with your provider before receiving services to confirm that they are eligible to participate in Medicare.

Out-of-network/non-contracted providers are under no obligation to treat ATRIO Health Plan enrollees, except in emergencies. For a decision about whether we will cover an out-of-network service, we encourage you or your provider to ask us for a pre-service organization determination before you receive the service. Please call our Customer Service Department at **1-877-672-8620** (TTY 711), daily from 8 a.m. to 8 p.m. local time. You may also refer to your *Evidence of Coverage* for more information, including the cost sharing that applies to out-of-network services.

For our ATRIO HMO D-SNP Plan members enrolled in ATRIO Special Needs Plans:

You will have to choose one of our network providers who are listed in this directory to be your **Primary Care Provider** (PCP). Generally, you must get your health care services from your PCP. The term "PCP" will be used throughout this directory.

A PCP is defined as a Provider who meets state requirements and is trained to give you basic medical care such as a Geriatrician, Nurse Practitioner, Family Practice Provider, or Internal Medicine Doctor. Your PCP will provide most of your care and will help you arrange or coordinate the rest of the covered services you get as a member of our Plan. If you wish to designate, change, or need assistance in finding a PCP, call ATRIO's Customer Service Department at **1-877-672-8620** (TTY 711), daily from 8 a.m. to 8 p.m. local time.

There may be times when your PCP feels you need more specialized treatment. Our plan does not require you to get a referral to see a specialist, however specialists will often require a referral from your PCP. If there are certain specialists you want to see, find out whether your PCP refers to those specialists. Once your PCP's referral request is complete, an appointment can be made with the specialist. In most cases, the specialist or your PCP will request any needed prior authorization. However, it is your responsibility to assure that prior authorization has been granted before having any services performed.

The network providers listed in this directory have agreed to provide you with your health coverage. You may go to any of our network providers listed in this directory. If you have been going to one network provider, you are not required to continue going to that same provider.

Submitting a Bill for an Out-of-Network Provider

ATRIO HMO D-SNP Special Needs Plan members must use network providers except in emergency or urgent care situations or for out-of-area renal dialysis. If you obtain routine care from out-of-network providers neither Medicare nor ATRIO Health Plans will be responsible for the costs.

For all ATRIO PPO and HMO D-SNP plan members, you should always ask the provider to bill the plan. At times you may get a bill from the provider asking for payment that you think you do not owe. If you pay the entire amount yourself at the time you receive the care or are billed an amount you don't think you owe, you need to ask us to pay you back for our share of the cost. Send us the bill, along with documentation of any payments you have made.

If the provider is owed anything, we will pay the provider directly. If you have already paid more than your share of the cost for the service, we will determine how much you owed and pay you back for our share of the cost.

Please see Chapter 7 Section 2 of your *Evidence of Coverage* for information about what to do if you receive a bill or if you need to ask for reimbursement. Or contact our Customer Service Department at **1-877-672-8620** (TTY 711), daily from 8 a.m. to 8 p.m. local time for additional information on this process.

Medical Emergencies

“Emergency & Urgent Care:” Our Plan covers emergency and urgent care services, whether or not they are provided by a contracted network provider or in the plan service area. If you have a medical emergency, get help as quickly as possible from the nearest provider. Call “911” for help or go to the nearest emergency room, hospital, or urgent care center. Call for an ambulance if you need it. You **do not** need to get approval or a referral first from your Prietary Care Provider (PCP).

What is covered in a Medical Emergency?

A “medical emergency” is when you believe that your health is in serious danger. Some examples of medical emergencies may be severe pain, a bad injury, a serious illness or a medical condition that is getting worse. You may receive covered medical emergency care whenever you need it, anywhere, from the nearest available provider.

When you have a Medical Emergency:

- Get medical help as quickly as possible. Call 911 for help or go directly to the nearest emergency room, hospital or urgent care.
- As soon as possible (within 48 hours), you or someone else should contact ATRIO Health Plans at the number located on the back of your membership card.

After the emergency is over, you are entitled to follow-up care to ensure your condition continues to be stable. Your follow-up care will be covered by our plan. For our HMO D-SNP members, if your emergency care is provided by out-of-network providers, we will try to arrange for network providers to take over your care as soon as your medical condition and the circumstances allow.

For more information, please see Chapter 3 Section 3 of your *Evidence of Coverage*.
